Master of Social Work | Psychotherapist | Clinical Director | Corporate Compliance

ABOUT

I am an experienced Licensed Clinical Social Worker in both NJ and NY and a Rutgers University graduate. I am SIFI trained and take pride in supervising MSW candidates. I supervise MSW's for LCSW licensure. My core value is to help clients and/or agencies achieve their goals.

In addition to my strong clinical skills, I possess effective supervisory, administrative and corporate compliance abilities. I have developed Policy and Procedures for various agencies and served on Strategic Planning Committees. Leading teams to achieve measurable outcomes is an accomplishment I am proud of. Supervising staff to help develop skills and style is a task I most enjoy, in addition to working with clients.
